SUBTITLE 3
M-2 INDUSTRIAL DISTRICT

PART I. OVERVIEW

§ 7-301. Design.

The M-2 Industrial District is a general industrial district, designed for those uses that are not as “heavy” in their characteristics as those permitted in an M-3 District.
(*City Code, 1976/83, art. 30, §7.2(1st sen.*.) (Ord. 99-547.)

§ 7-302. Basic uses.

The uses permitted in an M-2 District are those customarily regarded as general manufacturing and industrial uses. These uses generally have moderate nuisance characteristics associated with their operation. The uses permitted are mutually compatible and compatible with the character of a general industrial area.
(*City Code, 1976/83, art. 30, §7.2(2nd - 4th sens.*.) (Ord. 99-547.)

§ 7-303. Additional industrial uses.

(a) *Purpose.*

- (1) It is recognized that in every “heavy” industry customarily identified with nuisance-producing characteristics (and, therefore, relegated to the M-3 District), individual plants might be so carefully operated as to be compatible with and not detrimental to the uses permitted in this M-2 District.
- (2) For this reason, certain uses permitted in the M-3 District, but not expressly allowed in the M-2 District, may be allowed as an additional industrial use in the M-2 District, in particular instances.

(b) *Status as permitted use.*

- (1) Any additional industrial use established in the M-2 District in accordance with this subtitle is considered to be a permitted use in the M-2 District.
- (2) A use that was lawfully existing in an M-2 District on April 20, 1971, but is now allowed only as an additional industrial use, is considered to be a permitted use in the M-2 District. However, any expansion of that use must comply with the additional industrial use standards of this subtitle.

(*City Code, 1976/83, art. 30, §7.0-1b(2nd sen.*), §7.0-1e, §7.2(5th, 6th sens.) (Ord. 99-547.)

SUBTITLE 4
M-3 INDUSTRIAL DISTRICT

PART I. OVERVIEW

§ 7-401. Design.

The M-3 Industrial District is designed for industrial, manufacturing, and related activities generally known and described as “heavy industry”.

(City Code, 1976/83, art. 30, §7.3(1st sen.).) (Ord. 99-547.)

§ 7-402. Basic uses; locations.

Although M-1 and M-2 uses are permitted in this district, it is anticipated that the great majority of uses to be established in an M-3 District are those not permitted in M-1 and M-2 Districts.

Accordingly, this district is primarily for those areas located deep within the industrial portions of the City, usually but not necessarily adjacent to the harbor and major railroad facilities.

(City Code, 1976/83, art. 30, §7.3(2nd, 3rd sens.).) (Ord. 99-547.)

(b) *Preexisting non-residence uses.*

A non-residence use that was lawfully established before April 20, 1971, does not need parking facilities for the increase until the aggregate increase in units of measurement equals 10% or more of the units of measurement existing on April 20, 1971. Once that level of increase has been reached, however, off-street parking facilities must be provided, as required by this title, for the total increase.

TITLE 12
PERFORMANCE STANDARDS

SUBTITLE 1
OVERVIEW

§ 12-101. Purpose.

The performance standards in this title are designed to promote and protect Business Districts, as business areas, and M-1 Districts, as light industrial areas, thereby promoting and maintaining the most appropriate and beneficial use of these areas. The application of these standards will also tend to protect business and residential areas in or adjacent to a Business District or an M-1 District from adverse characteristics that might otherwise result from the operation of the uses allowed in those districts.

(City Code, 1976/83, art. 30, §7.1-1e(intro par.)) (Ord. 99-547.)

§ 12-102. Scope of standards.

The performance standards in this title establish criteria to control the effects, as they might emanate from a particular source, of the following:

- (1) noise;
- (2) vibration;
- (3) smoke and particulate matter;
- (4) toxic matter;
- (5) odorous matter; and
- (6) glare.

(City Code, 1976/83, art. 30, §7.1-1e1(1st sen.), 1e2(v.)) (Ord. 99-547.)

§ 12-103. Applicability of standards.

- (a) *In general.*

Except as specified in subsection (b) of this section, the performance standards in this title apply to:

- (1) all uses in an M-1 District; and
- (2) all activities in a Business District that involve the production, processing, cleaning, servicing, testing, or repair of materials, goods, or products.

(b) *Preexisting uses.*

(1) Uses lawfully established before these performance standards were enacted or extended to apply to the district in which they are located need not comply with the standards.

(2) However, if that use is later expanded, the expansion must comply with all applicable performance standards.

Accordingly, for those uses that have serious blighting effects on adjacent uses, a time limit, or tolerance period, has been placed on their continuance.

(b) *Benefits.*

In those cases, the owner is given time within which to make alternative plans for the property, while the public is assured that the district in which the nonconforming use exists will eventually benefit from a substantial uniformity of uses within the district.

(c) *Terminations required by prior ordinances to govern.*

Notwithstanding any other provisions of this title, if any use is required to be terminated under this article and was also required to be terminated or made conforming under any prior ordinance of the Mayor and City Council, the prior ordinance governs as to the date of the required termination.

(b) *By Administrator.*

The Zoning Administrator may issue a use permit, without referring the matter to the Board, if:

(1) permits, ordinances, the Police Survey of 1931, or other records on file with the Zoning Administrator:

(i) document the existence of a bona fide nonconforming use, noncomplying density, or other nonconformance; and

(ii) clearly show its continued and uninterrupted use to the date of inquiry or application; and

(2) a field inspection of the construction, design, and arrangement of the structure or use in question confirms these records.

- (2) the proposed use will not generate a greater volume of traffic than the existing or last use of the property;
- (3) the proposed use will not occupy a greater portion of the lot or structure than the existing or last use of the property; and

- (2) the alteration will not extend beyond that part of the building actually occupied by the nonconforming use;
- (3) the alteration will not include the enlargement of any display window; and
- (4) the alteration:
 - (i) will result in greater architectural harmony with adjacent buildings in the district in which the nonconforming use is located; and

- (2) the extension or moving will not violate in any manner the bulk regulations of the district in which the property is located;
- (3) the effect of the extended or moved use on the health, safety, or general welfare of the

community will be no worse than the existing or last use;

(4) for the extension of a Class II or Class III nonconforming use, the extension will not result in an increase of the floor area of more than 25% beyond that which had been occupied or used when it became nonconforming; and

(5) for an extension in the Critical Area:

(i) there is no environmentally acceptable alternative outside the Critical Area; and

§ 13-718. Continuances for Class II or III nonconforming use.

(a) *Board authority.*

The Board may extend the time limit for the discontinuance of a Class II or a Class III nonconforming use, subject to the limits stated in §§ 13-307 and 13-407 {"Discontinuance or abandonment"} of this title, as specified in this section.

(b) *Timely application required.*

To obtain an extension, the property owner must apply to the Board, in writing, before or within 6 months after the specified discontinuance period lapses.

(c) *General considerations.*

(1) In addition to the findings required by subsection (d) of this section, the Board must give due regard to the age and condition of the structure and the practicability of its adaption or conversion to a conforming use.

(2) Any relief granted by the Board:

(i) may only be as reasonably required to effect substantial justice;

(ii) may not be granted on an arbitrary or discriminatory basis; and

(iii) must be granted with due consideration for its effect on the value, utilization, enjoyment, and ultimate development of neighborhood properties.

(d) *Required findings.*

The Board must find that:

- (1) the nonconforming use has not in fact been abandoned;
- (2) discontinuance of the use has been beyond the control of the owner;
- (3) the owner has made all reasonable efforts to rent, lease, sell, or continue the use of the property; and
- (4) the enforcement of the time limit would impose on the owner or lessee of the property exceptional and practical difficulties that are not:
 - (i) created by or the result of any action or lack of action by any person having an interest in the property; or

(ii) the result of disregard for or ignorance of the provisions of this title.

(City Code, 1976/83, art. 30, §8.0-7b5.) (Ord. 99-547.)

§ 13-719. Continuances for noncomplying dwelling units in R-8, R-9, and R-10 Districts.

(a) *Board authority.*

The Board may authorize the continuance of a noncomplying dwelling unit in a noncomplying structure located in an R-8, R-9, or R-10 District, as stated in § 13-513 {"Mandatory termination in R-8 to R-10 Districts"} of this title.

(b) *Timely application required.*

To obtain an extension, the property owner must apply to the Board, in writing, at least 6 months before the discontinuance period lapses.

(c) *General considerations.*

- (1) In addition to the findings required by subsection (d) of this section, the Board must consider and be guided by:
 - (i) the condition, use, operation, occupancy, and maintenance of all dwelling units within the structure;
 - (ii) the existing amount of floor area per individual for the occupants in each dwelling unit;
 - (iii) the physical arrangement of the dwelling units within the structure; and

(iv) all other matters considered to be in the interest of the general welfare.

(2) Any relief granted by the Board:

- (i) may only be as reasonably required to effect substantial justice;
- (ii) may not be granted on an arbitrary or discriminatory basis; and
- (iii) must be granted with due consideration for its effect on the value, utilization, enjoyment, and ultimate development of neighboring properties.

(d) *Required findings.*

The Board must find that:

- (1) the noncomplying dwelling unit has not in fact been abandoned;
- (2) the continuance will not increase the danger of fire or otherwise endanger the public safety;
- (3) the continuance will not overcrowd the lot or structure or create an undue concentration of population; and
- (4) the noncomplying structure meets all requirements and standards of the City Health Code Article, the City Building, Fire, and Related Codes Article, and all other applicable laws and regulations of the City.

(e) *Imposition of conditions.*

(1) *Board may impose.*

To the extent necessary or desirable to secure the health, safety, and welfare of the occupants and to reduce or minimize any effect on other properties in the neighborhood, the Board may:

- (i) require changes or modifications in any design or plan of any existing noncomplying structure or any alteration of the structure; and
- (ii) impose conditions, restrictions, and limitations on the continuance.

(2) *Compliance required.*

- (i) Failure to comply with any change, condition, restriction, or limitation imposed by the Board under this section constitutes a violation of this article.
- (ii) No condition, restriction, or limitation imposed by the Board under this section may be changed unless, on the filing of a new application to the Board, the Board authorizes the change.

(City Code, 1976/83, art. 30, §8.0-7b6.) (Ord. 99-547; Ord. 02-475; Ord. 07-552; Ord. 15-427.)

TITLE 14
CONDITIONAL USES

SUBTITLE 1
OVERVIEW; GENERAL REQUIREMENTS

§ 14-101. Purpose.

- (a) *Article based on district uniformity.*

This article is based on the division of the City into districts, in which the uses of land and structures and the bulk and location of structures in relation to the land are substantially uniform.

- (b) *Special consideration for certain uses.*

Certain uses exist, however, that, because of their unique characteristics, cannot properly be classified in any particular district without consideration, in each case, of the impact of those uses on neighboring land and of the public need for the particular use at the particular location.

These uses, referred to as “conditional uses”, may only be approved as specified in this title.

(City Code, 1976/83, art. 30, §11.0-3c(1st par.)) (Ord. 99-547.)

§ 14-102. By whom approved.

Subject to the provisions of this title:

- (1) the Board may approve only those conditional uses that are specified in this article as requiring Board approval; and

- (2) only the Mayor and City Council may approve those conditional uses that are specified in this article as requiring approval by ordinance.

(City Code, 1976/83, art. 30, §11.0-3c(2nd par.), §11.0-6d(1st sen.)) (Ord. 99-547.)

§ 14-103. Imposition of conditions.

- (a) *In general.*

- (1) Before the Board or City Council, as the case may be, approves any conditional use, it may impose on the establishment, location, construction, maintenance, and operation of the conditional use any conditions, restrictions, or limitations that the Board or City Council considers necessary or desirable to:

- (i) reduce or minimize any effect of the use on other properties in the neighborhood;
- (ii) secure compliance with the standards and requirements of this title; and
- (iii) better carry out the intent and purposes of this article.

(2) The Board must impose these conditions, restrictions, and limitations whenever it approves a conditional use relating to automotive repair or recycling collection stations.

(b) *Guarantees.*

When approving a conditional use, the Board or City Council, as the case may be, may require whatever evidence and guarantees it considers necessary to assure that the conditions, restrictions, and limitations imposed by the Board or City Council, as the case may be, will be met and complied with.

(c) *Record of conditions.*

(1) All conditions, restrictions, or limitations imposed by the Board must be set forth in the Board's written decision approving the conditional use.

(2) All conditions, restrictions, or limitations imposed by the City Council must be set forth in the ordinance approving the conditional use.

(d) *Compliance required.*

Failure to comply with any condition, restriction, or limitation imposed the Board or City Council, as the case may be, under this title:

(1) constitutes a violation of this article; and

(2) in addition to any other civil or criminal remedy or enforcement procedure, is grounds for suspension, or revocation of the conditional use, as provided in Subtitle 5 {"Suspensions, Revocations, etc."} of this title.

(City Code, 1976/83, art. 30, §11.0-3c3, §11.0-6d(2nd par.)) (Ord. 99-547; Ord. 09-241; Ord. 09-245.)

§ 14-104. Failure to exercise; abandonment.

(a) *Lapse on failure to exercise.*

Unless extended under § 2-604 {"Extensions by Board"} of this article, if a conditional use approval is not exercised within the time specified in § 2-602 {"Exercise within 12 months required"} of this article, the approval automatically lapses and is void.

(b) *Lapse on abandonment.*

If any conditional use is discontinued for a continuous period of at least 2 years, the conditional use approval automatically lapses and is void. A new application and authorization is required before the use may be re-established.

(Ord. 09-245.)

- (2) the use is not in any way precluded by any other law, including an applicable Urban Renewal Plan;

 - (ii) a qualified conservation contribution, as defined in the Internal Revenue Code, affecting the entire exterior of the property has been granted to a qualified historical group.

(b) *Lot coverage.*

A variance may authorize a lot coverage that is more than that otherwise allowed by the applicable regulation.

For uses other than marinas, a variance may reduce by no more than 75% the number of off-street parking spaces otherwise required by the applicable regulation.

(c) *Shared spaces.*

For uses other than marinas, a variance may authorize the same off-street parking spaces to serve as required spaces for 2 or more uses, as long as the 2 or more users do not make substantial use of the spaces at approximately the same hours of the same days of the week.

For accessory marinas, a variance may reduce by up to 100% the number of off-street parking spaces otherwise required by the applicable regulation, if:

- (2) the parking requirement for the principal use has not been and is not later reduced by variance.

(c) Shared spaces with marinas.

For marinas, a variance may authorize other uses to share no more than 50% of the number of off-street parking spaces required for the marina, if:

- (1) substituted spaces, which may be off-site, are provided to meet the parking requirements for industrial or office uses not otherwise reduced by variance;

(d) Marina expansion.

Before the expansion of a marina may be authorized, the Board or the Mayor and City Council, as the case may be, must find, in addition to all other findings required by this title, that the entire marina will meet the current parking standards if the number of cumulative additional boat slips ever exceeds 25% of the number of slips that were constructed or for which permits had been issued on or before May 15, 1991.

(City Code, 1976/83, art. 30, §11.0-3d3(i), §11.0-3e2(j), (k), (l).) (Ord. 99-547; Ord. 03-636.)

(b) *Application.*

The owners of all property adjoining the private way must join in the application for the variance.

(c) *Required findings.*

In addition to all other findings required by this title, a finding must be made that the variance will promote planned group development of the land that binds on the private way, so that buildings adjoining the private way will be constructed or rehabilitated in a harmonious and architecturally attractive manner, to the end that the general welfare will be promoted by stabilizing and enhancing the economic values of all properties in the area and by providing an incentive for proper maintenance and elimination of obsolescence.

PART II. REQUIRED FINDINGS

§ 15-217. In general.

A variance may not be granted unless, after public notice and hearing, the Board or the Mayor and City Council, as the case may be, makes the following findings.

(City Code, 1976/83, art. 30, §11.0-3e(intro)(pts.), §11.0-5c(intro)(pts.).) (Ord. 99-547; Ord. 03-636.)

§ 15-218. Finding of unnecessary hardship or practical difficulty.

The Board or Mayor and City Council must find that, because of the particular physical surroundings, shape, or topographical conditions of the specific structure or land involved, an unnecessary hardship or practical difficulty would result, as distinguished from a mere inconvenience, if the strict letter of the applicable requirement were carried out.

(City Code, 1976/83, art. 30, §11.0-3e(intro)(pts.), §11.0-5c1.) (Ord. 99-547.)

§ 15-219. Other required findings.

The Board or Mayor and City Council must also find that:

- (1) the conditions on which the application is based are unique to the property for which the variance is sought and are not generally applicable to other property within the same zoning classification;
- (2) the unnecessary hardship or practical difficulty is caused by this article and has not been created by the intentional action or inaction of any person who has a present interest in the property;
- (3) the purpose of the variance is not based exclusively on a desire to increase the value or income potential of the property;
- (4) the variance will not:
 - (i) be injurious to the use and enjoyment of other property in the immediate vicinity; or
 - (ii) substantially diminish and impair property values in the neighborhood;
- (5) the variance will not:

- (i) impair an adequate supply of light and air to adjacent property;
 - (ii) overcrowd the land;
 - (iii) create an undue concentration of population;
 - (iv) substantially increase the congestion of the streets;
 - (v) create hazardous traffic conditions;
 - (vi) adversely affect transportation;
 - (vii) unduly burden water, sewer, school, park, or other public facilities;
 - (viii) increase the danger of fire; or
 - (ix) otherwise endanger the public safety;
- (6) the variance is not precluded by and will not adversely affect:
- (i) any Urban Renewal Plan; or
 - (ii) the City's Master Plan;
- (7) the variance will not otherwise:
- (i) be detrimental to or endanger the public health, security, general welfare, or morals;
or
 - (ii) in any way be contrary to the public interest;
- (8) the variance is in harmony with the purpose and intent of this article; and
- (9) within the purpose and intent of this article, the variance granted is the minimum necessary to afford relief, to which end a lesser variance than that applied for may be permitted.
(City Code, 1976/83, art. 30, §11.0-3e(intro)(prts.), §11.0-5c2 to10.) (Ord. 99-547; Ord. 01-165; Ord. 03-636.)
